Robinson Homestead - 100 Years Town Clerk's Office

FERRISBURGH VERMONT

Annual Report for the Year Ending December 31, 1957

Vergennes, Vermont, December 31, 1957.

Ferrisburgh Town Charter was granted June 24, 1762.

In 1785 Timothy Rogers, then Proprietor's Clerk, while moving by boat from Button Bay to a new site near Little Otter Falls placed the town records in a hollow stump for protection from the weather. While helping his sick wife to the nearest house, the stump caught fire and most of the records were burned. The story of this incident was written in 1785 by Timothy Rogers and is recorded in the oldest Proprietors' Book which forms the basis for all land holdings in the Town of Ferrisburgh.

First regular Proprietor's Meeting was held December 27, 1786. Surveyors were Benjamin Ferris, David Thompson and others.

Following are the names of Proprietors' Clerks and Town Clerks and the dates elected:

Benjamin Ferris	before 1785
Timothy Rogers	1785
Johathan Sexton	1787
Oliver Alford	1796
Ananias Rogers	1798
Nathaniel Austin	1810
Theophilus Middlebrook	1812
David Middlebrook	1841
Zuriel Walker	1842
George F. Stone	1855
Rowland T. Robinson	1857
George G. Robinson	1859
Anna S. Robinson	1894
Rowland T. Robinson	1916
Elizabeth N. Robinson	1951

The year 1957 completes One Hundred Years (100) during which members of the Robinson family have served continuously as Town Clerk and the office has been located in the Robinson house for the century.

VERMONT DEPT. OF SOCIAL WELFARE

Montpelier, Vermont

This is the twenty-second annual report which I have made to the citizens of Ferrisburg, regarding State payments in your municipality of various types of assistance and welfare during 1957. The support and cooperation of town officers and people generally over this long period is gratefully acknowledged. We have some measure of responsibility for 12,000 individuals and annually spend about six million dollars.

The total number of recipients in all four programs has not changed substantially for several years. Due to the extension of Social Security, the number receiving Old Age Assistance has declined but those receiving Aid to the Permanently and Totally Disabled have increased. Supplementation of inadequate amounts of Social Security benefits is an increasing role of Public Assistance. Towns and cities participate financially in two of the programs as indicated below. Administrative expenses for the four types of Public Assistance have always been among the lowest in the nation. In one state the recipient receives less than eighty-two cents out of the assistance dollar. In Vermont the recipient received ninety-six cents.

Old Age Asssistance	$15,559 00
Aid to Dependent Children*	$ 3,446 00
Committed Children**	2,730 92
TOTAL	$21,735 92

W. ARTHUR SIMPSON.

*One-eighth paid by the town or city unless family is non-settled.

**One-half paid by the town or city unless family is non-settled.

VERMONT DEPARTMENT OF HEALTH REPORT

Ferrisburg, like all towns, develops community health problems. A public health team from your Vermont Department of Health including a bacteriologist, chemist, dentist, engineer, health educator, public health nurse, nutritionist, physician, psychologist, sanitarian, social worker and statistician is available to aid your health officer, local doctors and other local citizens with such problems.

This report summarizes many services offered by the health team through use of state tax dollars, and indicates those services rendered to Ferrisburg last year to promote health in the community.

HEALTH SERVICES WHERE YOU LIVE AND WORK: A healthy environment for your town results when water and sewage systems, factories, schools and other public buildings and food and lodging establishments are properly contructed and operated.

Food and lodging places, inspections-consultations	31
Industrial sites, inspecctions-consultations	0
Water, sewage, public buildings, inspections-consultations	16
Water samples, laboratory-analyses	27
Food and dairy products, laboratory-analyses	0

HEALTH SERVICES TO INDIVIDUALS: The public health nurse is a member of the Health Department team often seen in your town. She assists in organizing local health efforts. During the year she has, with assistance from people in your community, served at well-child and school conferences, x-ray clinics and immunization clinics and with visits to homes, doctors and agencies to promote and protect the health of children and adults.

Well-child Conferences, persons served	50
School Conferences, persons served	86
Chest x-rays, persons served	11

Nurse visits (to home, physician, school)

112 visits on behalf of 81 persons.

Immunizations:

Polio*: persons injected at children's clinics	378
persons injected at adult clinics and doctors' offices	153

Diphtheria, Whooping Cough, Tetanus: persons immunized	70

The public health nurse welcomes the opportunity to serve you, and can be reached by mail addressed to the Vermont Department of Health, Division of Public Health Nursing, Middlebury, Vermont. Health Services available and rendered to individual residents of Ferrisburg through personnel operating from the state office were:

For diagnostic aid:

Laboratory analyses on blood specimens	76
Laboratory analyses on other specimens	13

For Diagnosis and treatment:

Crippled Children's Clinics, persons served	2
Guidance Clinics, persons served	1
Hospitalization Financial Assistance, persons served	5
Tumor Clinics, persons served	11

COMMUNITY HEALTH SERVICES: Citizens of your town may call upon the public health team for advice on methods for gaining health improvement, such as:

Town visits on dental health problems	1
Hospital and nursing home inspections and consultations	6

*Number of persons served since beginning of program.

Respectfully submitted,

ROBERT B. AIKEN, M.D., M.P.H.

	A. Principal of bonds $ 8.000 00	
	B. Interest on bonds 3.380 00	
	Total budget including current expenses and debt service	97,580 00

Estimated State Aid	25,200 00

Needed from local taxes for current expenses and bonded debt service $72,380 00

On the estimated Grand List of $16,000 a tax of $4.52 would be required.

At the annual March meeting of 1956 a special tax of 60c was voted to pay off a part of the temporary loan of $20,000 required to complete and equip the new school. It was expected that this tax would pay off about $10,000 of this loan. However additional state aid, receipts from sales of school property, a lower cost of high school tuition than originally estimated and a legacy made it possible and advisable to pay off the entire note of $20,000 during the past year. By doing this and thereby saving interest, we reduced our current funds to the point wwhere it appears that we shall have a deficit of between $1000 and $2000 as of June 30, 1958. To meet this deficit we recommend that 8c be added to the $4.52 tax rate suggested above.

Therefore to meet our current expenses, bonded debt service and probably deficit at the end of June 1958, we recommend a 1958 school tax rate of $4.60.

At this time we express our gratitude to the school staff, principal, teachers, cusodian, bus drivers and hot lunch workers as well as to all members of the Parent Teacher Association and others who have helped us to have another successful year in our new school.

January 21, 1958

The directors of Union High School District No. 5 have set a tentative budget for the coming year of $90.000. Based on an enrollment of 75 Ferrisburg High School pupils as of Sept., 1957, this figures out to a tax of about $1.50 for Ferrisburg's share. While it should be emphasized that this is an estimate only, and in no way binding on the Union High School District, we believe that it presents as accurate a picture as is possible at this time, and that it will prove to be sufficient.

ANNUAL REPORT OF THE SUPT. OF SCHOOLS

To the School Directors and Citizens of Ferrisburg:

In this annual report as Superintendent of Schools I will first give statistics for the school year ending June 30, 1957, the first complete year in Ferrisburg's new school. During that year we had enrolled a total of 272 different pupils, with an average daily attendance of 243.99. Our average daily membership, the figure which now forms the basis of our state aid was 259.55. From now on only average daily membership will be reported. The per capita cost of elementary education in Ferrisburg for 1956-57, based on average daily membership and not including transportation, was $158.19. In 1956-57, Ferrisburg paid high school tuition for 68 pupils, at an average per pupil cost of $251.05. Note that this high school figure is up 11 pupils from the 1955-56 school year. We are glad to note that more pupils are attending high school but at the same time we must realize that additional tax must be provided to take care of the increased tuition charges.

Our September enrollments for the current school year showed a total of 260, 10 less than the corresponding figure in September 1956. At the time this report is being written it looks as though a small outgoing 8th grade will be replaced by a much larger first grade in September of 1958 and that we shall equal or exceed the figures of 1956. By grades this year our distribution was: Grade 1, 36; grade 2, 42; grade 3, 27; grade 4, 33; grade 5, 30; grade 6, 41; grade 7, 29; grade 8, 22; total 260.

The groupings of pupils in the respective grades differed somewhat from the previous year. This year our first and second grade pupils are divided among three teachers so that one teacher has only first grade pupils, another only second graders and the third teacher has a combination of first and second grade pupils. Similarly the fifth and sixth grade pupils are divided among three teachers with one having only a fifth grade group, one a sixth grade group, while the third teacher has a combination room of fifth and sixth grade pupils. This

year grades three, four, seven and eight have one teacher per grade.

All teachers returned to their Ferrisburg positions this year and following thh first year of adjustment in the new building, I believe that all members of the group are finding this year much more satisfying and pleasant.

An important addition to our staff this year is Mrs. Evelyn Springstead as music director. Her success in this field in Vergennes and elsewhere in the state is well-known and Ferrisburg is fortunate in having obtained her services for one day per week. I feel sure the results of this program will soon be evident. Soon we might well give consideration to the introduction of special instruction in art into our schedule.

This year I feel sure that certain improvements outside our school building have been noted and appreciated. The black top paving at both the front and rear entrances has improved the appearance and also greatly reduced the amount of dirt brought into the building. Eventually we would like to see a paved drive and parking area. Our lawn is developing slowly although the recent dry summer kept it from attaining the sfooth greenness we would like to see. Consideration might be given to the planting of shrubs and trees at appropriate locations around the building.

You are all aware that your union high school building is now under construction. Occupancy is expected not later than September of 1959. Once the union district takes over the operation of the high school, each member of the union district will b assessed its share of expenses according to the number of high school pupils in that local district. It should be noted, therefore, that when the union high school begins operation the local districts cannot pay tuition to other high schools, as the assessment will be made on the number of pupils attending any high school and obviously the local district cannot pay twice on the same pupil.

The 1957 Vermont legislature enacted a new teacherss' salary law, providing for higher minimum salaries for various amounts of training and also giving credit for experience up to levels of five ad ten years. This new law has required substantial but long deserved increases for most Vermont teachers,

including those in our district and these increases are to continue for several years until the prescribed levels have been reached. At the same time our state aid has been increased and will continue to increase for several years to help the local districts finance these increases.

Once more I wish to express my appreciation to your school directors, your principal and teachers and all other staff members for their whole-hearted cooperation. I am equally grateful to the pupils, their parents and other citizens of Ferrisburg for their shares in making this a successful year.

Respectfully,

LLOYD W. MOULTON

Superintendent of Schools
